

Texas Lions MD-2 Opportunities for Youth Contests
"DRUG AWARENESS SPEECH"
2024-2025 **ONLINE** Contest Rules

“Policies for Narcan use in schools”

1. Speech Subject:

Drug overdose deaths in young people between the ages of 10 and 19 doubled between 2018 and 2021. Approximately 90% of those deaths involved opioids, with the most common being Fentanyl. Naloxone, known by the brand name “Norcan” is a medication that was approved by the Food and Drug Administration (FDA) designed to rapidly reverse opioid overdose. It is a nasal spray.

The State of Texas passed SB 629 that went into effect in January of 2023. It states that each school district shall adopt and implement a policy regarding the maintenance, administration, and disposal of opioid antagonists at each campus in the district that serves students in grades 6 through 12 and may opt and implement such a policy at each campus in the district, if it includes campuses serving students in a grade level below grade 6.

In this speech you are to research SB 629 and discuss whether it reaches far enough and whether it should include Charter and Private schools. Is it too vague and should it be standardized Statewide?
