Progress Causing Upheaval in Downtown Midland Original Convention Venue No Longer Tenable

Major demolition projects by the City of Midland over the next few months will make room for a new Convention Center, more hotels and additional parking in the middle of downtown. The projects are directly across the street and surrounding the original Texas Lions host hotel.

The demolition includes tearing down the current Midland Center, which would have been the site for several of the meals, seminars & workshops of the 2016 MD2 State Convention. In addition to the construction disturbance, the loss of the center would require using other venues some distance away. The original hotel is also using the opportunity to eliminate the majority of its attached parking spaces to make room for a 3 story parking garage. They will make use of the Convention Center parking 2 blocks away, since this will be unused during construction of the new center.

The Convention Committee felt that having to frequently drive to other venues when the parking would be blocks away from the hotel would not make the convention very pleasant. The committee decided to select an alternate site.
